SERIES SPECIFICATIONS

To supply Tamlite EVKTP series of single colour LED Tape light. Tape shall use an integrated SMD LED cluster. Tape shall be cuttable in intervals of 4 inches (101.6mm) and be sold in lengths of 5M. Plug-in driver shall be external. Kit shall come with driver, wiring and connectors Tape Light Kit shall be cETLus approved.

PERFORMANCE SPECIFICATIONS

Initial Lumen Output: 800lm/M
Environmental Rating(s): IP20
Certification Standards: cETLus

Efficacy: 66.66lm/W
UL Classification: Dry Location Only
Limited Product Warranty: 5 Year(s)

Luminaire Type: Direct
Ambient Operating Temp: 0C to +40C

LED SPECIFICATIONS

Source Type: LED
CRI: >70

Manufacturer:
Colour Temperature: 3000K

Part Number: SMD 5050

ELECTRICAL SPECIFICATIONS

Input Voltage: 120Vac
Dimming: Not Suitable for Dimming

Input Frequency: 50-60Hz

Fixture Draw: 60W

PHYSICAL SPECIFICATIONS

Finish Type: 3oz copper PET Laminate
Housing Material: Al Channels (options)

Wiring: Pre-Terminated with 12' 22AWG Cable

Mounting: Surface
