## SERIES SPECIFICATIONS

The LHB series linear high bay is designed with contractor requirements with many installation situations considered. It features a built in Z10 socket, allowing for 4-pin twist-lock sensors to be used with the fixture along with color and wattage selections. Available in multiple wattage and lumen packages the LHB is ideal for manufacturing, warehousing, commercial, and industrial applications and boasts a quick-change lenses design, allowing you to swap lenses in the field without the need for tools. It also has optional Emergency operation and surface mount kits available.
